|                                     |       |                        |         |
|-------------------------------------|-------|------------------------|---------|
| Company                             |       | FedEx Express Acct No. |         |
| Address 1                           |       | FedEx Ground Acct No.  |         |
| Address 2                           |       | FedEx Freight Acct No. |         |
| City                                | State | ZIP                    | Country |
| Contact Name                        |       | Phone                  |         |
| E-mail                              |       | Fax                    |         |
| FedEx Account Executive (if known): |       | Phone                  |         |

## 3 Product Description

|   |  |
|---|--|
| Product Name  | Model No.                                  |
| Approx. Value   | Product Weight                             |
| Description of product and accessories to be included (Proper shipping name if hazardous material): | Product qty./package (e.g., 1 ea., 12 ea.) |

Is product a hazardous material?  Yes (UN Number: \_\_\_\_\_)  No

**HAZARDOUS-MATERIALS NOTE:** DO NOT SEND ACTUAL HAZARDOUS MATERIAL. Send original package components with containers filled with non-hazardous substitute (e.g., water, sand). Weight of test package must equal weight of original package. Please write on the over box and test samples: "NON-HAZARDOUS CONTENT." Please include pertinent product documentation, such as the MSDS.

## 4 Shipping Information

Where is this product being shipped?  U.S.  International  Both

Are you currently experiencing damage?  Yes (If Yes, please explain below)  No

What service(s) is used to ship this product?  FedEx Express  FedEx Ground  FedEx Freight

## 5 Special Instructions

**a** Is the sample package over boxed for protection during shipment to the lab?  Yes  No  
 Note: It is recommended that shipments to the lab be over boxed, with cushioning between the package to be tested and the over box. If the test package is over boxed, please write "OVER BOX" on the outer most container.

**b** Does the customer want their sample(s) returned after service is complete?  Yes  No  
 When requested, packages will be returned free of charge via FedEx Ground® or FedEx 2Day® service. Customers may request return via other FedEx® services at their own expense. For safety reasons, we cannot return certain items (e.g. broken glass, leaking products).

## 6 Release

The customer releases product and packaging to FedEx for testing or design. The customer also releases and agrees to hold FedEx harmless for any damages or liability for loss to product or packaging submitted to FedEx Packaging Design and Development.

**Customer's Signature:** \_\_\_\_\_

**Date:** \_\_\_\_\_
