Did you see my availability list? This prices don't come around every day 😞

I also have an Enchi clown female I could sell for way cheap

How much for her?

Honestly I'd be happy to get half of what they're currently going for

Shit... Why did you show her to me! Lol

Lol

\$1,750 shipped she's yours 😊

That a today only thing though

Let me know because at that price she's gonna go quick

What males might you be hiding?

My Enchi clown male I won't sell for under \$4,000

I have plenty of regular clown males though

Nah if I get her I'd want some other codom... I still need a stud male for the 3 girls down the road... Give me a bit because I'm pretty serious about her

Ok just keep me posted 😊

I will just give me a bit

Sure thing 😊

I want her my only hesitation is getting her here etc...

Oh you mean the wait time?

Yeah I know weather controls all of us right now

I'm free enough to ship her out in 10-14 days if you like - just have to use a bigger one piece styro box which is more expensive

And two heat packs

But it's a long time to "shelf" the money

But it's a long time to "shelf" the money

True

But it's also a snake that's almost \$2,000 off the standard price 😊

I'm not arguing the price! Lol

Lol no worries I know 😊

But Ya 10-14 days I'll have time to ship even in this cold

I know it's a steal and it's perfect for my projects... That works

When do you think you might be able to ship her if I were to purchase her with the weather as is?

Never shipped a snake before

Snake shipping I can do when the daily low is above 40 degrees here - so about a month I'd say

One piece styro with 3" thick walls - they're way cool 😊

Cost me like \$45 each though

Ok I'll pay the extra and work out payment tomorrow if that's ok?

I really need it tonight if at all possible - or at least a 50% deposit if you can swing it. I have someone else who wants to take her and can pay in full tonight but he can only give me \$1,550

Plus you're awesome so if rather it go to you 😊

Andrew, my money needs to be returned if you're not going to respond and ship... I filed with PayPal for protection but I expect you to be cooperative since you're not being professional.
